

Ing. Roman Ožana

Building things for the web since 2009

Hi,

I'm Roman Ožana, a freelance web designer and developer with **over 17 years** of experience. I specialize in creating user-friendly, intuitive, and modern websites and applications. I'm passionate about tech startups and thrive in collaborative, small, and efficient teams. Let's bring your ideas to life with innovative and elegant solutions!

Address: Prague, Přímětická st.

Work Experience

Co-founder & Full Stack Developer – Testomato s.r.o.

2012 – Present · 14 years

Co-founded and developed Testomato, a SaaS platform for automated website monitoring and testing. Leading full-stack development in JavaScript and PHP – from architecture and API design to frontend implementation. Responsible for infrastructure, CI/CD pipelines, and ensuring platform reliability at scale.

Full Stack Developer – Devel.cz Lab s.r.o.

2011 – Present · 14 years 10 months

Full-stack developer for zdrojak.cz, a leading Czech developer platform. Designed and built a custom WordPress theme and plugin suite from scratch, owning everything from database to UI. Delivering new features and maintaining platform stability in close collaboration with the editorial team.

Freelance Web Developer

2009 – Present · 17 years 1 month

Freelance full-stack web developer working with PHP, JavaScript, TypeScript, Node.js, Astro, Vue.js, React, Tailwind CSS, Docker, and a wide range of technologies across the web development stack.

Application Engineer – Intergraph s.r.o.

2010 – 2011 · 8 months

Testing enterprise metadata sharing and management solution. Development of C#.NET applications.

PHP Developer – Skvely.CZ s.r.o.

2009 – 2010 · 1 year 5 months

PHP developer building custom web applications for clients and developing modules for the Magento e-commerce platform.
